Greetings JMS Parent(s),

Here at Johnston Middle School, your child has been completing tasks in Naviance/Family Connection. Naviance/Family Connection is a college and career readiness program that helps connect academic achievement to post-secondary goals. It is a comprehensive planning tool that optimizes student success, enhances school counselor work, and tracks information for school and district administrators.

Based on grade-level, your child has taken different assessments to identify his/her interest as it relates to colleges and careers. These interests will help your child select a high school, an endorsement to focus on, and potentially a college or career field after graduation. Visit <http://www.houstonisd.org/planyourpath> if you have questions about an endorsement selection.

We encourage students and parents to access Naviance/Family Connection at any computer with internet access at the website <https://connection.naviance.com/hisd-johnston>. There are many assessments and avenues for researching colleges and careers for you and your child's convenience.

We also ask that if you have someone in your social circle working in your child's career field of interest, that you arrange an opportunity for your child to have a candid conversation with them about their career. Together, we can help your child focus on their future in a purposeful way!
